Dear Freeski Judges,

With the present situation with Covid -19 and many different travel restrictions, you will see a lot of work has been done on the education platform including a new link: <https://www.fis-edu.com>.

With the winter season coming closer, we would like to inform you that this year all educations will be done Online or as Webinar. There will be no in person clinics this season.

All educations for Freeski, Snowboard, Freestyle Skiing Judges will be done on the <https://www.fis-edu.com> platform.

Via the following links, you will find direct access to the courses on the education platform.

In order to be assigned to a FIS Freeski World Cup or Continental Cup, you have to complete the

- International Clinic
- Practice Courses (depending on the discipline of your assignment)

When you have done this, you must send the “certificates” to: jasonarens@ymail.com for each course. (After each course it will be up to the left)

As an example:

If you are only assigned to a BA World Cup, you do not need to complete Rails or HP Practice. However, to improve your knowledge and understanding of Freeski Judging across all events, we would **recommend** you take the time to go through the other courses as well.

When you have completed your courses, you will have to complete a Test and attend a Webinar in each event. We will send more information soon to judges assigned to World Cups.

About the platform:

For new or old users to this platform, please take some time to look around, click on the many links starting with [BEFORE YOU START](#) and get familiar with the course interface. It will make the learning experience easier.

We will continue to work hard to improving the courses offered and add additional ones to make sure we are educating our judges and officials at the highest standards possible. We are interested in your feedback so at the end of each course, please take time to share your thoughts in the end of the course survey.

These Freeski Judging courses must be completed and the certificate sent to Jason before: 15th November, 2020!

We appreciate your participation.

Kind regards,

INTERNATIONAL SKI FEDERATION
